

What can concrete do for your business?

'Connect with Concrete' **Luncheon**

Friday February 15, 2008
International Builders Show

BSC Hospitality Suite
W108A – Level 1
(off the trade show floor)
12 noon – 2pm

The residential concrete industry is booming—advances in concrete have made it one of the fastest growing sectors of the industry. Concrete is cost-effective and green. It's something your clients want.

Join the Concrete Home Building Council for lunch on us at the International Builders Show to learn about the variety of ways using concrete can help your homes stand out from the crowd and help your business grow.
